## About the Owner

Sandy Waggett created the Where Brides Go® network to complement her comprehensive web design and internet marketing company, MSW Interactive Designs, LLC.

She strives to set a new standard in the industry by combining:

- more than 12 years of website design expertise
- internet marketing and search engine optimization experience
- an extensive instructional design and development background
- REAL online experience with **multiple business websites**

Sandy and her team offer a professional product, exemplary service, and a successful online experience to her business clients.

### The MSW Interactive Designs Story

MSW Interactive Designs, LLC (MSW) began in Colorado Springs in 1999 by working with small businesses in several sectors. Sandy decided to focus on a niche market she discovered while planning her own wedding. She found, at that time, that there were a small number of national websites offering planning resources for brides,

but none that focused locally on mid-sized markets like Colorado Springs. As a result, Sandy launched SpringsWeddings.com in early 2000 to provide local, timely information for the prospective bride and groom on all aspects of getting married in Colorado Springs.

This website was an immediate success and quickly achieved a #1 ranking in Google; a ranking it has held for almost 12 straight years. With this top ranking, MSW was able to offer Colorado Springs wedding professionals an effective avenue for marketing their businesses online in the local area.

Since many of the local wedding professionals didn't have websites in 2000, the market easily opened up for her web design services. The huge success of SpringsWeddings.com has since led to the creation of an additional 27 local wedding portals in cities across the USA.

Since the company's inception, Sandy and her team have established a reputation for exceptional customer service with the Where Brides Go® network and the ability to build high quality, affordable websites that work for small business. What makes MSW unique is Sandy's personal experience offering prospective clients a wealth of knowledge on how to effectively market, advertise, and build momentum in the now maturing Internet landscape and social media platforms.

During the past 12 years, Sandy's client base has expanded to over 600 businesses across multiple sectors including wedding professionals, real estate agents, construction, restaurants, professional services, and golf venues.

Sandy has been involved with and has contributed to multiple business, civic, and non-profit groups throughout the years, including: Business Networking International (BNI), Kiwanis International, United States Air Force Association, Blount County Education Foundation, Belly Rubs Bassett Hound Rescue, National Association of Women Business Owners, March of Dimes, Treats for Troops, UCCS Association of Graduates, and the Susan G Komen Breast Cancer Foundation.

## Frequent Questions

### How do Brides and Grooms find your business?

SpringsWeddings.com offers many opportunities to promote your business. At a minimum, your business will have a FREE listing on the vendor directory page that fits your business. Our ad packages are extremely affordable, can be custom fit to your needs, and have proven to be effective bringing the couples to you.

### How do your sites help me?

The Where Brides Go® network recognizes the importance of making our advertisers accessible to brides across multiple channels. In addition to featuring your website in our online directory, we also make your Facebook, Twitter, LinkedIn, and YouTube channels available to the brides. These are included with EVERY ad package. Additionally, even though brides are trending away from filling out lead forms online, we still offer the opportunity for brides to tell us about their weddings and let us know what services they are looking for. We then forward that information to our advertisers so they can follow up. Don't worry, if eLeads aren't for you, they represent a small portion of the actual traffic that comes through the website and is exposed to your ad and social media tracking! We can also tell you at any time how many brides have clicked through to your website, Facebook page, Twitter page, LinkedIn profile, or YouTube channel. **Oh, and did we mention the ad setup is FREE?**

### How does the payment and renewal of my ad work?

A huge benefit of advertising on SpringsWeddings.com is that our ad packages are month to month. **There are NO long term contracts.** If you are ever dissatisfied with the results you can downgrade or cancel your ad at any time, for any reason. With a 80% renewal rate across the WhereBridesGo.com Network over 12 years, our loyal clients demonstrate the value of advertising with us.

Billing for your ad package occurs monthly and we accept multiple payment types: Visa, Mastercard, Discover, American Express or business check.

### Can I make changes to my ad?

**YES!** If you are ever dissatisfied with your ad package or banner, or just want to change things up a bit, we will happily make any changes you would like. Our design team works closely with you to design a banner that captures the image you want to present. Whether you have your own banner, or want us to design one, ad setup and changes are **FREE** to you.

The SpringsWeddings.com homepage features a header with the website name, social media icons for Facebook and Twitter, and a "Presented by MSW Interactive Designs LLC" logo. Below the header is a banner for "The Historic PINECREST" with a "CLICK HERE" button. To the left is a "The Wedding Companies" banner with a "CLICK HERE" button. On the right, there's a "Planning Your Colorado Springs Wedding & Colorado Springs Reception Just Got Easier!" section.
